the day i met a
husband, it was forty-four
degrees and sunny.

each other by their
smell. he likes mine, i like to
be called baby too.

told me i'm perfect
for the revolution and
May Day move come soon.

have control or faith,
never both. truth has no need
to boast, take heed now.

struggle along and
know when to drop the act of
innocent grievance.

terror works the night
shift alone. didn't you know?
rehab your passions.

exist. show no mercy on
the devil in mind.

listening to the
venerable Reverend Ike,
his shouts remind us.

GOD IN ME! don't
forget to command your self
and speak miracles!

we cleaned house and chant
affirmations of money
making ideas loud.

I can't afford the
cost of unforgiveness now.
I know I've been changed.

PARDON MY PEACH FUZZ!

i'm fully ripe and going
along for the next

part of the play on
world stages. i exit and
enter on the right

sides of history-
man stands erect. there is no
month to honor him.

men make history
on the daily, our news turned
orange with D. T.

Elon got a broke
schlong and is steady making
up for it, come on!

what could there be on
Mars that is worth attaining?
dare to wonder now.

march 9th, 2025

march 6th, 2025

i asked to transform,
god granted me that in ways
so matter of fact.

old news behind me,
i see out the door. humans
need prophet's profit.

what i have said they
will hold against me in man's
court. god is high judge.

all works for my high
esteem. we gleaned from ghetto
graciousness, unseen.

i vow to self to
put my mask on first. know thy
self and thy worth, first.

march 5th, 2025

met the dancing queen
at tricklebee. told me to
call her soul sister

promises, arleen

express! SHOUT OUT LOUD!

a youthfull elder, she accepts
me as her young self.

hugged me tight to bones.
home with self authority,

under the influence of
daisies, squash and sun?

march 2nd, 2025

what if we sat at
the four way stop all damn day?
confusing drivers.

passenger princess
would cry and cry. girl, shut up!
promise to move soon.

we could pick topics
to discuss and just whisper
under outside shouts.

who cares what they say?
will they carry guns? zip ties?
let's hold a town hall

at the four way stop.
maybe we will get a glimpse
of revolution.

february 28th, 2025

a blackout was called,
today. does it matter if
most people close eyes?

I will serenade
you with lies, lives lived.
lonely alone time.

can you stand summer
weight if worry is to pray
for what you don't want?

trust, have faith and lean
not on index policies.
put pressure on God.

prepare mind body
connections to create your
unbridled blessings.

of you, i give thanks. know why?
i'm covered by god.

february 24th, 2025

just before you feel
you will break - bend instead love.
wholeness holds you up.

all we need is love,
or so sings that UK group.
I didn't grow up.

raised to pacify
a man and his ego, two
members of council.

judge say I'm seeing
things that aren't there, maybe clair-
audience last choice.
